

RFM[®] seating

New Control Option

Control 55 Full Function with Integrated Seat Slider

LIST \$150.00*

Example of product specification: Trademark 25355

Introducing a North American Built Full Function control with an integrated seat slider, available on any RFM standard ratchet-back, #300 rated, Mid-back or Managers High-back single shift task chair. (not available on: 24/7, Executive backs, BT, or Bariatric chairs, mesh seats, 1500 deep tractor seats or with 98SP arm height reduction bracket).

Same functions as RFM's 05 Full Function control:

- Pneumatic seat height adjustment.

- Ratchet back, back height adjustment.

- Seat tilt with infinite position lock up to 20° rearward tilt.

- Independent back angle tilt with infinite position lock.

- Forward tilt infinite seat angle adjustment, spin adjustable from 3.5° rearward to 5° forward.

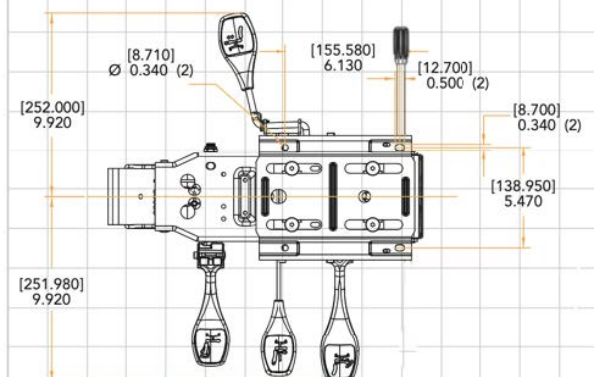

- Tilt tension adjustment.

- Seat slider with 2.5" travel.

*\$150 list up charge from 05 or 14 control chair pricing.
