introducing
EnduraCoat™

state of the art design

Born from the shape of the human spine, The Verte® is a finely tuned instrument of support. Our flexible dual-back system mirrors your body's natural shape and movement. Intelligent adjustability is built into every inch and offers a custom seating experience that is unmatched.

Crafted for long hours and real people, it sits at the intersection of engineering precision and uncompromising comfort.

unmistakable support engineered expression

Now available with our new **EnduraCoat™** finish. This advanced surface treatment allows you to personalize exposed metal components—including the spine, head rest and base—with rich, durable color options designed to enhance any space.

RFM designed and thoroughly tested the EnduraCoat™ process to ensure durability, vibrancy, and longevity.

Whether you're furnishing a high-performance workspace or looking to match your brand's aesthetic, our **EnduraCoat™ advanced composite color** finish turns The Verté into a visual masterpiece—while complimenting its structural strength.

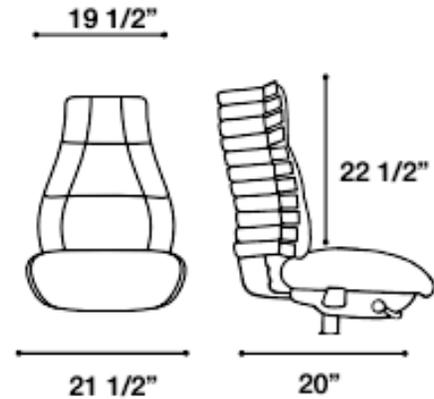

Why choose EnduraCoat™ color finish?

- A no-cost upgrade with premium impact
- Long-lasting, fade-resistant color options
- Durable finish resists chips, scuffs, and wear
- Engineered for precision and performance
- Sleek EnduraCoat texture maintains a clean look
- Protects frame components for extended chair life
- Makes your Verté visually distinctive
- Low-maintenance and easy to clean

A good fit for every body
